The Republican Party of Washington County is pleased to have been named recipient of the “County of the Year” award for 2022, presented at the RPW State Convention this past weekend in LaCrosse, Wisconsin.

WCRP Chairman Randy Marquardt expresses appreciation for the work and dedication of his fellow officers, other Executive Board members, general membership, and many volunteers who made this accomplishment possible. We also thank the numerous other conservative volunteers who help ensure that our elections are conducted fairly and accurately. Countless hours are devoted each year to helping elect Republicans at the county, state and national level, as well as conservatives to local offices, and to support their efforts to advance our principles and policies in government.
